## CIC Forum By Market Solutions, a great success in 2023

For its 10th edition, the CIC Forum By Market Solutions took place at the Pavillon Cambon Capucines in Paris on 29 and 30 November and in digital format on 1 December 2023.

A genuine forum for exchange, this flagship annual event brought together nearly 140 listed companies, 190 financial institutions and 400 equity and credit investors, representing the equivalent of 2,500 meetings over the three days.

In addition to French companies, our German partners Warburg and Targobank, as well as members of the European Securities Network (ESN), of which CIC Market Solutions has been a member for over 20 years, were also very active. A wide range of companies were present, of varying sizes and from different sectors, including companies listed on Euronext and other European markets, as well as unlisted companies and bond issuers.

Two plenary sessions were among the highlights, dealing with subjects that are at the heart of current affairs. Luc Julia, Scientific Director of Renault and co-creator of Apple's voice assistant "SIRI", gave his expert views on the subject of Artificial Intelligence. Anne-Catherine Husson-Traore, CEO of Novethic, spoke about the various issues at stake at COP 28, including fossil fuels and the development of renewable energies.

Finally, the CIC Forum By Market Solutions also hosted a festive evening for the 4th CIC Start Innovation Business Awards Ile de France, during which three regional winners were voted for.

We look forward to seeing you in November 2024 for the next edition !
