## CIC Market Solutions strengthens its Investment Solutions business

CIC Market Solutions announces a new organisation for its Investment Solutions business.

Following the retirement of Georges Vandermarlière, to whom we extend our warmest thanks after a full and rewarding career, Franck Yange has been appointed Head of Investment Solutions and a member of the CIC Market Solutions Management Committee. Julien Karli has been appointed Deputy Head.

In order to respond ever more effectively to client expectations, and in keeping with Crédit Mutuel Alliance Fédérale's ambitions for this business, the Investment Solutions team is now organised into four units :

- “Internal Networks” under the responsibility of Maxime Roland ;
- “External Distribution” under the helm of Simon Muel Morsel ;
- “EMTN Liquidity & Quantitative Solutions” headed by Maxime Allemann ;
- “Client Servicing” under the helm of Julien Karli.

This new organisation will continue to expand the business, already well underway under Georges Vandermarlière, while maintaining a high level of service quality for clients, and good control of operational risks.
